The only information provided to the railroad was the employee's name and Employee ID Number. Further attempts to complete the other data elements were rejected by the employee and/or his or her attorney. Does this meet FRA requirements? A1. Yes. The railroad should continue to complete all the data elements when the information becomes available and should make a good faith effort to obtain the information. However, the railroad is not expected to continue this effort past December 1 of the year that follows the date on which the railroad first received a claim of the illness. NOTE: This report is part of the reporting railroad's accident report pursuant to the accident reports statute and, as such shall not "be admitted as evidence or used for any purpose in any suit or action for damages growing out of any matter mentioned in said report. . . . " 49 U.S.C. 20903. See 49 C.F.R. 225.7 (b). This collection of information is mandatory under 49 CFR 225, and is used by FRA to monitor national rail safety. Public reporting burden is estimated to average

75 minutes per response, including the time for reviewing instructions, searching existing databases, gathering and maintaining the data needed, and completing and reviewing the collection of information. The information collected is a matter of public record, and no confidentiality is promised to any respondent. Please note that an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection is 2130-0500.
